
Draw corner anchors 1″ up and over

Draw smooth anchors with 1″ handles on the vertical axis

1/2″ drag on the vertical axis

1/4″ drag on the vertical axis

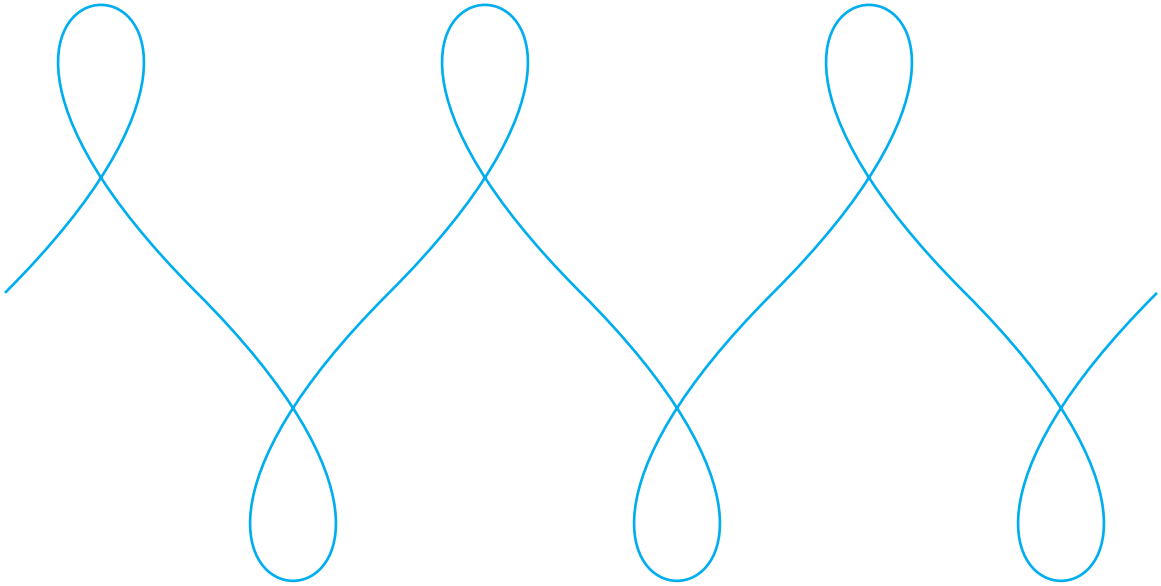
1″ drag on the diagonal axis

1/2″ drag on the diagonal axis

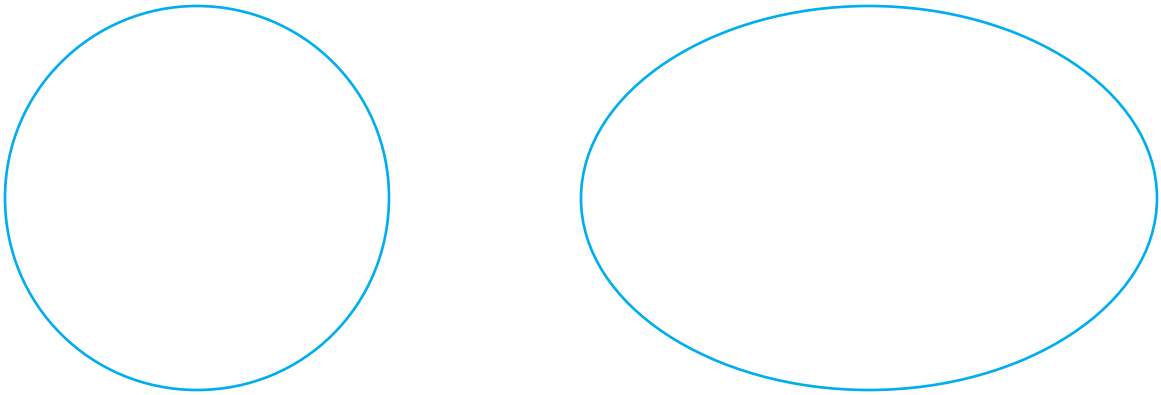
1/4″ drag on the diagonal axis

1″ drag on the opposing diagonal axis

1/2″ drag on the opposing diagonal axis



2″ drag on diagonal axis



Re-create the circle and ellipse with smooth anchor points
